

# The Community Celebrates

Excitement pervaded our Therapeutic Community on Valentine's Day and Independence Day this year!

Young people and adults alike thoroughly enjoyed our first ever organisation - wide therapeutic community meetings that were held on these days!

The meetings were used to celebrate love and cultural diversity on each of these days respectively! We were serenaded; a beautiful love song written by pupils! A barbecue on Independence Day added 'flavour' to the occasion!

Also, a first, our Christmas Celebration Service was a resounding success. The annual **Alfred James Award** was presented by the late Alf's parents to two staff, **Barry de Jager** and **Janice Philips** for their outstanding devotion and contribution to the work.
